

# Looking at Artifacts

1. Describe the **COLOURS**.

What **SHAPES** do you see?

What **MATERIALS** are there?

What **SIZE** is it?

2. Was the artifact made by hand or machine?

How can you tell? How many different parts does the object have?

3. **WHAT** was the artifact made to do?

How did it work?

Do we use objects like this today?

If so, do they look the same? Explain.

4. Was it important to the people who made or used it? Why? Is it important to us or to a museum? Why?

# Looking at ART

1. Sit by an **ARTWORK** that makes you **CURIOUS**.

What do you see? Look again. What else do you see?

Describe the **COLOURS, LINES, SHAPES**.

2. **LOOK DEEPLY** and describe what is going on in the artwork. Look for hidden clues.

3. **WALK INTO THE ARTWORK** .

What do you **HEAR**?

What do you **SMELL** and **TASTE**?

How does your body **FEEL**?

Describe your **EMOTIONS**?

4. Can you find a message or story in the art?
